Did you know?

30% of Dalmatians are deaf in one ear?

This is due to something called the extreme piebald gene which is responsible for their white coat and blue eyes (in some of them).

Dalmatians with larger dark patches are less likely to be deaf.

The tallest dog in the world is 44 inches tall!

A Great Dane named Zeus measured at 44 inches tall on October 4th 2011, he's the current Guinness World Record holder.

Your dog is as smart as a 2 year old!

Ever wonder why children around this age seem to have a special bond with the family dog? It could be because they speak the same language, roughly 250 words and gestures in fact.
